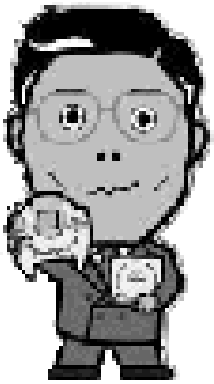
TECKHEAD'S DIGS

Managing Director Yukawa - Dreamcast

Now that I'm a BIZNIZZMAN, I gotta pay HOMAGE to one-a my fav'rite BIZBIZZMEN around: None other than the all-powerful, all-mystical, MANAGIN' DIRECTOR YUKAWA! Ya see, back in the 90's when Sega wasn't doin' so hot, they said "SCREW IT! FULL-HONESTY!" What followed was a marketin' campaign puttin' their MANAGIN' DIRECTOR at the FOREFRONT! Yup, he was their MASCOT! They put him in all these commercials 'n made 'lil keychains 'n fans 'n SUCH! But what I'm HONIN' in on today is his very own SINGLE! Who knew that the silly Sega salaryman himself had such GUSTO! Now, that mainstream dance-pop ain't really my speed, but the Managin' Director's lax-but-passionate croonin' just makes 'ol TeckHead wanna LIVE LA VIDA LOCA... 'n SELL SOME DREAMCASTS!!! Well, I ain't in THAT BIZNIZZ just yet, but who knows? Maybe someday I'll release my OWN videogame system! Alright, alright, I'm putin' the CART before the HORSE! I gotta FOCUS! On the T-SHIRTS!



All-in-all I give this motivational mini-disc

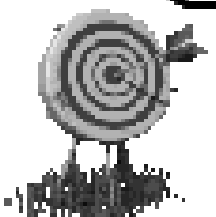
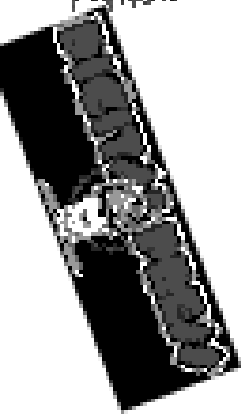
TECKHEAD'S GAME DU JOUR

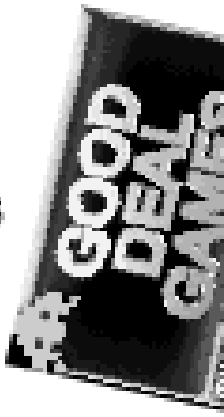
Action Max

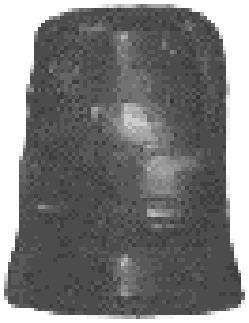




"TARGET HIT."

Now here's a PECULIAR BIZNIZZ venture! I'd heard rumblin's aboot this console throughout the electric grapevine from time-to-time. Retro game forums sayin' stuff like, "It's TERRIBLE!", 'n "It's not a real console", 'n even "WHAT WERE THEY THINKING?!" I always thought these fellas were just posturin', FRONTIN', as forum trolls usually do… but they were RIGHT?! Oh MAN! I found this COMPLETE-IN-BOX with TWO GAMES in it for CHEAP! Sadly, that sweet of a deal doesn't make this jawn worthwhile. Yeah, this "console" is a friggin' SCOREKEEPER! That's right! The actual gameplay is housed in the, wait for it, VHS TAPES! You stick a suction-cup klaxon to the screen 'n try to shoot flashin' targets like it's live action DUCK HUNT! There's only FIVE games for this jawn, and they're ALL SHOOTIN' GALLERIES! Talk aboot a "one-trick-pony"! Even worse, there's really no reward for any-a-this! You just rewind the tape 'n START OVER! It's SISYPHIAN! Gets real borin' REAL QUICK!





All-in-all, I give this BIZNIZZ BLUNDER
2 OUTTA 5 TeckHeads.

Wanna know what really craps the cake here? There's only 5 games, but one is SO EXPENSIVE that it makes scorin' a full set IMPOSSIBLE! DAMN!!!

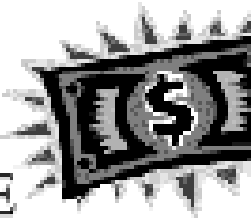
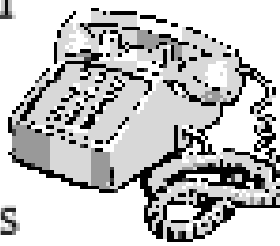
Odbal's Pick

Reaganomic Blues - Leslie Isaiah Gaines



Heh-heh-HEY boisengoils! It's time for an Odbal Pick! Man-o-MIGHTY! TeckHead's been BORIN' me to TEARS as-a-late! He's caught himself the HAIR-BRAINED SCHEME to sell T-SHIRTS with his own face on it! What a CONUNDRUM! 'N what more?! He's gone 'n started sum kinda ENTERPRIZE! He's gone FULL MIZER on me! TeckHead WANTS to be a bonerfide CORPORATEER, but he's neglectin' the most IMPORTANT PART! Da LAWYER! Luckily, I know just the FELLA to help out that bag-a-bolts! LESLIE ISAIAH GAINES! 'Ol Leslie, he's a MAN-O-THE-PEOPLE! 'N he's got his head on straight, TOO! As ya can see, he could see PLAIN AS DAY that that Reagan schmuck was up to NO GOOD! If I ever had a run-in with da LAW, I'd call LESLIE ISAIAH GAINES… but would TECKHEAD give him a RING in times-a TURMOIL?! He better! 'Cuz just like 'ol LESLIE sez: "Nobody seems to care that this American Dream's becomin' a NIGHTMARE!!!"



A pretty ODD-BALL Odbal Pick, eh?

Cassetta's Flick

Infinite Escher - 1990

Good evening, ladies and lamies. You know what they say: "Capitalism breeds innovation!" And in an economy where the average attention span is rapidly devolving, short films are big business! This one's not even 10 minutes long, that must mean maximum profits, right? Surely we would still be able to fit a compelling narrative into 8 minutes, right?! You can't do that. People, this flick is a tech demo. From what I gathered, Sean Ono-Lennon (no, seriously!) finds himself in the (actually quite beautiful) world of math-art pioneer Maurits Cornelis Escher accompanied by the quirky music of Ryuichi Sakamoto from Yellow Magic Orchestra. That's pretty much the whole film. I went into this complaining, but frankly, for what it set out to do, it's pretty alright. All it was supposed to do is show the capabilities of early-90s CGI and equally-early-90s hi-definition aspect ratios. It does make me wonder, though. Was this director Michael Sanborn's intent with "Infinite Escher"? Did he wake up one day and go "I want to make a beautiful 8-minute tech demo starring John Lennon's son". No. No self-respecting artist thinks like this. He was probably contacted by Sony or something and was commissioned to produce this. Money. Rules this damn world, much to my chagrin. Anyways, you don't want to hear a manifesto from me, you wanna hear a rating. I'd say watch this flick; and then watch it again because it's so short.

"Hey! What's going on here?!" - Sean Ono Lennon. I wonder if he's anything like his mother?
